

SSIEM Guideline Development Application (maximum 2 pages)

Criteria for SSIEM support:

- SSIEM governance including approval from SSIEM Council prior to start of project
- Project plan with maximum 2 years for guideline development
- Defined methodology (e.g., according to GRADE)
- Justification of expenses: under no circumstances would more than 20.000 € be granted; no additional support from industry would be accepted
- Support will be granted in part upfront and the rest upon finishing (i.e. submission to *JIMD*)
- Multinational project; diversity of countries, gender addressed
- Non-physical meetings encouraged
- Publication (OA) in *Journal of Inherited Metabolic Disease* (if needed, support from SSIEM)
